Course: CS 170 Section: B21 - INTRO TO ARTIFCAL INTELLIGENCE
Instructor: Md. Olid Bhuiyan

Question # 18: YOUR CONSTRUCTIVE COMMENTS ON YOUR GRADUATE STUDENT INSTRUCTOR'S TEACHING SKILLS ARE EXTREMELY IMPORTANT. PLEASE WRITE YOUR COMMENTS IN THE TEXTBOX BELOW. PLEASE LIMIT YOUR COMMENTS TO 2000 CHARACTERS.

- Good ta. Went over topics clearly and patiently

- The instructor is helpful and knowledgeable in the subject.

- Was great at explaining how each example worked.

- Bro's accent is a lil thick and sometimes I can't understand him but bro is very chill.

- Overall very helpful TA. He explained the topics well and gave helpful advice when I was stuck.

- Sometimes a little awkward, does not affect learning.

- I liked the questions he posted on the discussion announcement. Insightful questions about the code implementations were great exercises to do. I also liked his slides about the algorithms. I couldn't have answered his questions or even understood the labs if it weren't for the discussion slides. He was also very cool and knowing of busy weeks like midterms and finals.
